RSSi

Quality, Quickly

CAPABILITIES STATEMENT

OUR PRIORITIES

- ◆ **Listen Hard to our Customers** - act as faithful stewards of Government resources, and give them more than they expect, on time and within budget.
- ◆ **Find the Right Employees and Partners** - and treat them really well.
- ◆ **Keep our Company Healthy** - with solid management, financial stability and the resources to get each job done right.

RSSi AT A GLANCE

RSSi is a professional services company focused on secure mission systems support to the U.S. Federal government. We are the "Full-Stack Data Analytics™" company facilitating fully integrated business operations.

Our Management practice is based on the PMI Program Management Body of Knowledge (PMBOK) and is certified under ISO 9001:2015. Our IT practice is based on ITIL and Agile development and is certified under ISO 20000:2011, and CMMI Maturity Level 3. All our services are secure and are certified under 27001:2013.

As an Economically Disadvantaged Woman-Owned (EDWOSB), and 8(a) certified Small Business, we are committed to our employees, partners, and customers, and to providing Quality services, Quickly while acting as faithful stewards of your resources, to give you more than you expect, on time and within budget.

WHAT WE DO

RSSi provides a "Full-Stack Data Analytics™" approach to the solutions that we deliver to our Federal Government partners by focusing on the things we do well:

- ◆ **Data Analytics**
- ◆ **Secure IT Systems Development and Operations**
- ◆ **Integrated Business Operations Support**
