

RSSi Achieves ISO 9001:2008 Certification

Sterling, VA – August 18th, 2014 – Right Sized Solutions, Inc. (RSSi), a quality provider of high-end Technical and Management solutions to the Federal Government, announced the award of ISO 9001:2008 Certification.

ISO 9001 is an international quality management standard, maintained by the International Organization for Standardization, and is administered by accreditation and certification bodies. The internationally accepted ISO 9000 series of standards were written to provide a consistent basis for understanding the requirements relating to product and service quality, and to provide guidelines to assist organizations to implement and operate quality management systems. Certification to ISO 9001:2008 standards demonstrates efficient and effective business operations, continual improvement of the quality system, and customer satisfaction to the provided services. “Achieving ISO 9001:2008 recertification is an important milestone for RSSi. This recertification continues to illustrate to customers our strong commitment to quality at all levels of our organization.”, said Sun Tok Barrass, Founder and CEO. “Customers want to be confident that they are doing business with an organization that can meet or exceed their needs in a timely manner. Successfully completing the rigorous process required for recertification is a clear sign that we are devoted to continually improving our quality management systems.” This award documents RSSi’s streamlined and effective process to facilitate acquisition of business process solutions giving our customers increased confidence in our ability to deliver.
